**Subject:** Parker Davis Power comments and notice to apply

---

Mr. Tyler Carlson, WAPA, DSWRegional Mgr, Box 6457  
Phoenix, Arizona 85005-5457.

I wish to submit comments on the Parker Davis DSW marketing area and a request for allocation of power for DixiePower Water Light and Telephone Inc. and Lower Colorado River Commission and Southern Utah Water Authority. The DSW marketing area excludes WASHINGTON County and Kane County Utah. For what reason I do not know because they are located in the Lower Basin, and have been excluded for some reason or other in years past. This is to notify you that all three entities would like to be considered

for any power that might become available from Parker Davis. This area of Utah is in the Mojave Desert Tortoise region and has been heavily impacted by the Desert Tortoise and should be included in your DSW marketing area. Please advise me why they have been excluded in the past, and this is a request to amend your marketing area and include both Utah Counties which are in the Lower BASin with Arizona, California and Nevada. Please make this a matter of record and advise me immediately by E mail if there are any defects in these comments and application for power when it is available. Darrell G. Hafen for Dixie Power Water Light and Telephone, Inc., and Lower Colorado River Commission(in organization) and Southern Utah Water Authority(in organization)  
Thank you very much for an immediate reply.
